**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We want more competitive internet providers otherwise it will cost us more and we will poor choices for service providers. I competitive provider helps reduce expenses and provides better services.

I say no to any increased in the cost of Internet services.

Broadband is important to maintain a competitive edge in my business by providing faster services, saving time.

My previous provider cost was rising while the competitor was able to provide a competitive value.
